

Make a Barnyard Themed Sculpture

Here we go scouts!

Who doesn't like creating sculptures? Especially of farm animals, vegetables or equipment?

You can make your sculpture out of anything you'd like.

You could use modeling clay, Play-Doh, Legos or another building block. Other options are: pipe cleaners and pony beads.

Be creative! When you're finished, take a picture of it and send it our way and if you'd like we'll post it.
