

Backyard Barnyard Cards

Do you get cards in the mail? It's an old-fashioned way to brighten someone's day. This will take a grown-up's help to find an address, a stamp and show you how to mail a card!

Who outside your home could you send a card to? Here are some ideas:

People I know:

- A friend from school
- A friend from Cub Scouts
- A friend from another activity you are in
- A Cousin
- A Grandparent
- An Aunt or Uncle
- Another relative
- A teacher
- A Den Leader
- Who else can you think of?

Sometimes people we don't know like to get surprise cards. Here are some ideas:

- First Responders (Fire Fighters, Police Officers, EMT's)
- Veterans
- Soldiers
- People in assisted living

Talk to the grownups in your house about sending a card to these people.

You can make your card any way you like! Grab some paper and your favorite drawing materials and GO FOR IT!

Maybe you would like to make a card with a Barnyard theme. You could draw a farm animal, a barn, something that grows on a farm, yourself as a farmer, a scarecrow, what else can you think of?

If you need a head start, I like this website: <http://www.dltk-cards.com/custom.htm>
You can design a card and print it and color it.
