To All National Associations

Re: No- Objection Certificate – FIH Regulation

Dear President/ General Secretary,

The Pan American Hockey federation (PAHF) reiterates the International Hockey Federation (FIH) regulation as it relates to No- Objection Certificate must be adhered to.

“No-Objection Certificate: A document issued by an Athlete’s Home National Association, certifying that it has no objection to his/her participation in an Event organised or sanctioned by another National Association.”

National Associations hosting tournaments must ensure that athletes from other NAs submit the no- objection certificate to participate.
