**Fellowship Opportunity**

**2019 Spring Dissertation Completion Fellowships**

**Details:** The Dissertation Completion Fellowship is designed to assist the doctoral candidate in completing their final data analyses and writing their dissertation. This funding is typically awarded for the penultimate semester before graduation. If selected, the student must be engaged full-time in the completion of the research and writing of the dissertation, including continued communication with the major professor/s. This Fellowship is not to be used for funding after a successful dissertation defense. Requirements: A letter of recommendation from your major professor and a 500 word description of the dissertation project. For more details: [http://www.grad.usf.edu/scholarships.php#dissertation](http://www.grad.usf.edu/scholarships.php#dissertation)

**When:** Application opens Monday, Nov. 5, 2018 and closes Nov. 15, 2018.

**Upcoming Workshops**

**Practice Presenting Your...**

Looking for constructive feedback on an upcoming presentation? We're here to help! Join the Graduate and Professional Student Council as we host an open presentation practice for students from all programs!

*Presenters are encouraged to limit presentations to 10 minutes.

*Snacks will be provided!

**RSVP and send PPTs to theusfgpsc@gmail.com**

**Location:** MSC 2706 | **Date & Time:** Wednesday, November 7th, 12:00pm – 1:30pm
Call for Proposals

Conference CFP: Critical Race Studies in Education Association 2019 conference

Conference Theme: “Claiming CRiT Walking without Intersectionality is White Supremacy”

May 30th-31st, 2019
University of Southern California, Los Angeles, CA
CFP: October 22 – December 1, 2018

Our conference theme seeks to invite researchers, activists, educators, practitioners, community members, and youth to situate and push their own work within the epistemological concept of CRiT walking grounded in intersectionality. We encourage papers and creative works that provide analyses anchored in an intersectional critical examination applying CRiT walking as an epistemological concept explicitly through the lens of intersectionality. We invite qualitative and quantitative empirical research presentations, performances, and conceptual papers that aim to help explain how education works to disrupt and/or maintain various types of oppression including, but not limited to, racialization, patriarchy, heteronormativity, ableism, islamophobia, linguicism, capitalism, nationalism, and other forms of systematic oppression rampant in society; and most importantly the intersections of these lenses of oppression.

We invite proposals of no more than 500 words directly connected to the call and conference foci. We strongly encourage interactive presentations/creative proposals that identify, uncover, challenge and resist examples of systemic racism/white supremacy in the pursuit of social justice within and surrounding educational, political and community environments.

Conference proposals submission window: October 22 - December 1, 2018

For more information see attached, or on submission link: [https://www.crsea.org/call-for-proposals](https://www.crsea.org/call-for-proposals)
For additional questions, please contact: Kenzo Sung (sungk@rowan.edu).

Vote!

Tomorrow, Nov. 6th, is ELECTION DAY! Make sure you exercise your right to vote if you did not participate in early voting. Here is a [link](#) to find your precinct and where you can vote.
