Course Directions/Info

Hosted by WSU Cycling, this race is held on the Washington State University campus in Pullman, Washington on Observatory Hill and the Hitchcock Equestrian track. This is the first time this course has ever been available, and probably the last (due to coming land use changes). Ride this epic course, complete with tunnel, abandoned tarmac, sand, grass, dirt, gravel, horse track, and elevation in spades. You'll never have ridden a course like this before and you may never get the chance again. Climbing cassettes and low gearing (for SS) are recommended. Free parking on the lots adjacent to Grimes Way is available, and premium canopy/trailer sites can be reserved. See web-site for details.
