

2014MY All-New Range Rover Product Announcement with Pricing

MARKETING BULLETIN

11-FEB-13 | No.: MPR13-01 | Section: PRODUCT / PRICING | Market: USA

2014MY Range Rover Product Summary

Jaguar Land Rover North America, LLC is delighted to announce details of the 2014MY Range Rover. This bulletin summarizes product details, features, options and includes pricing to provide you the information required to specify initial vehicle orders.

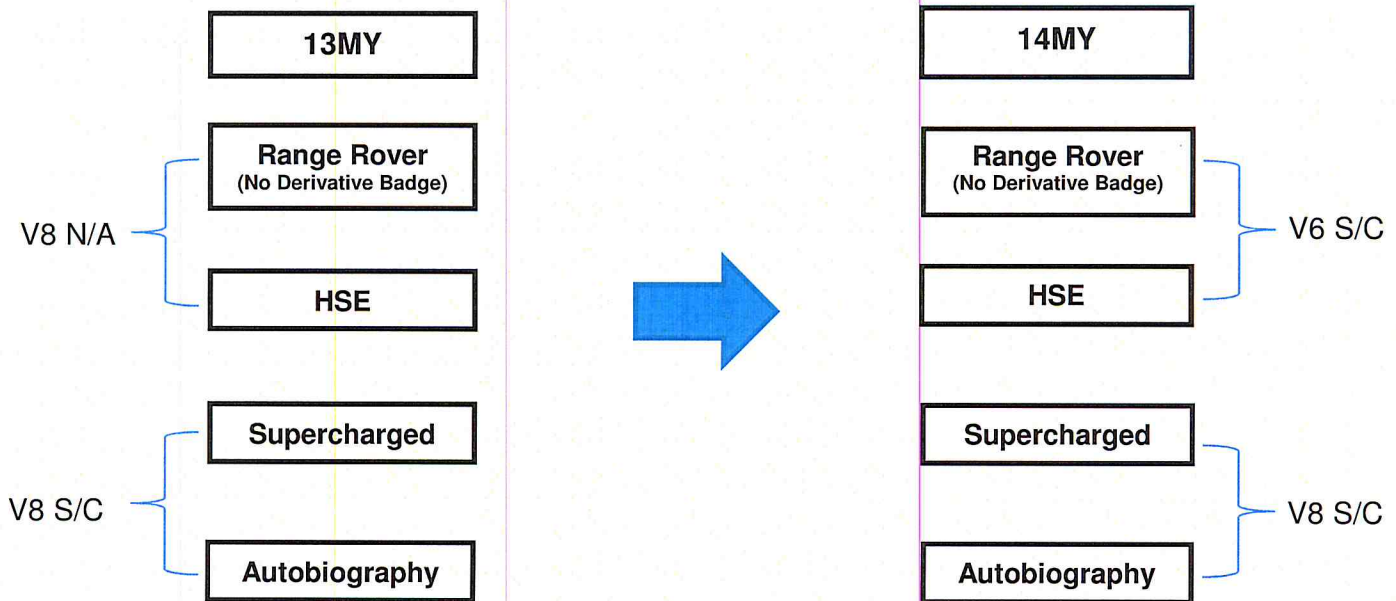

2014 Range Rover Model Line up

Range Rover continues with a 4 model line-up. Similar to 2013MY, and based on Retailer feedback as well as a very tight supply situation, the "Range Rover" trim level will not be available for ordering during the early part of the 2014MY. We will advise availability in due course.

HSE, Supercharged and Autobiography will continue for 2014MY.

The Range Rover (when available), and HSE trim levels will be powered by a new 3.0L V6 supercharged engine in place of the naturally aspirated 5.0L V8. This follows the widespread Industry trend to downsize engines due to GHG legislation which requires continuing efforts to improve emissions and fuel consumption.

Badge Summary

2014 MY Product Highlights

- Introduction of 3.0L V6 Supercharged engine in place of the Naturally Aspirated V8
- Stop/Start with deactivation button will be standard on both the 3.0L V6 S/C and 5.0L V8 S/C
- Extended range of exterior colors
- Additional feature and equipment included with Autobiography
- Infotainment enhancements

3.0L V6 Supercharged Engine

State-of-the-art 3.0L V6 Supercharged engine introduced adopting an innovative modular design based on the advanced LR-V8 supercharged engine. The 3.0L V6 engine includes direct injection technology, variable camshaft timing, 6th-generation, twin vortex (TVS) supercharger and a state-of-the-art Bosch engine management system with electronic boost control.

- Outstanding refinement.
- 340 bhp versus 375 bhp (outgoing 13MY V8 N/A)
- 332 lb ft versus 375 lb ft (outgoing 13MY V8 N/A)
- Preliminary Estimated Fuel Economy 16mpg City / 22mpg Hwy / 18mpg Combined (to be confirmed) versus 14/20/16 (outgoing 13MY V8 N/A)
- 7.1s 0-60 mph versus 6.5s (outgoing 13MY V8 N/A)
- 22% lower CO₂ emissions verses outgoing naturally aspirated V8.

The V6 S/C will use the same 8-Speed ZF 8HP70 automatic transmission used on V8 S/C models

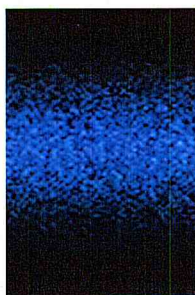

2014MY New Exterior Paint Colors

The 14MY Range Rover core color palette is being enhanced with three new exterior colors choices.

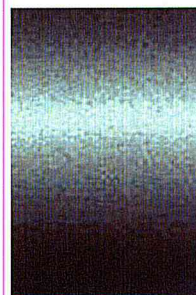

- Corris Grey replaces Orkney Grey
- Loire Blue replaces Baltic Blue
- Scotia Grey added as a new color.

Corris Grey

Loire Blue

Scotia Grey

Summary of Model Updates and Changes

HSE

- 3.0L V6 Supercharged with Stop/Start in place of the 5.0L V8 Normally Aspirated
- Adaptive Cruise Control (ACC) with Queue Assist and Intelligent Emergency Braking. Optional on V6 S/C HSE. Option price has been reduced from \$2,000 to \$1,295.

V8 Supercharged

- Stop/Start included as standard equipment.
- Active Rear Locking Differential (ARLD) is now available as part of the Tow Pack; ARLD is no longer available as a standalone option. ARLD can now also be ordered in conjunction with Parallel Park The price of the V8 S/C Tow Pack is now \$1,300.
- Adaptive Cruise Control (ACC) with Queue Assist and Intelligent Emergency Braking Optional on V8 S/C. This Option price has been reduced from \$2,000 to \$1,295.

Autobiography

- Stop/Start included as standard equipment.
- Active Rear Locking Differential included as standard equipment.
- With 29 speakers the 1700W Meridian Signature Audio System with 3D Surround Sound is included as standard equipment.
- 22" Style 6 alloy wheel is now optional. – Option price - \$1,400.
- Bright Atlas Side Vents (see picture on page 1) are now a no charge option on Autobiography.

Other Additional Updates

Aux HVAC Vents & Grab Handle (All Models)

The rear grab handles have been redesigned and retooled for the 14MY vehicle to accommodate the HVAC vent; thus 4-zone Climate Control is now compatible with the rear grab handle feature and will be available on all models

Signature LED Headlamps

Signature LED Headlamps will be standardized across the model range. Currently this feature is standard on Autobiography and available on all other models via the optional Vision Assist Pack.

Badging

For all models the Land Rover Oval grille badge will change from black and silver to green and spun silver graphics. The tailgate badge will feature the Land Rover Oval on the right hand side, with an Atlas Silver bezel.

Grille Badge

Tailgate Badge

Wheel Center Caps

Wheel Centre Badges are now specified depending on the color and finish of the wheel:

Wheels in Style 2, Style 4, Style 6 and Style 8 will have the Land Rover Oval graphic and outer ring raised and embossed in Bright Silver with a Satin Silver Background	Wheels in Style 3, Style 5 and Style 7 will have the Land Rover Oval graphic and outer ring raised and embossed in Bright Silver and Dark Green with a Black background.

Infotainment System Improvements

Satellite Radio Feature Enhancements

Several new features updates are being added:

- **Instant Replay:** This allows rewind, fast forward, pause and play for songs, games and programs that are in the buffered memory.
- **Artist Seek/memory:** If the satellite radio identifies a song and artist then it will prioritize an artist seek via the pop-up - this feature is very similar to Song seek/memory.
- **Game seek/memory:** Using the satellite radio, the Game seek function identifies if any of the saved team names or sports events are being broadcasted on another channel and notifies the user via a pop-up.
- **Traffic Jump:** The Traffic Jump button identifies if traffic information regarding a user-selected city is being transmitted on another channel and will automatically switch to this item for the duration of the broadcast (and then return to the previously tuned satellite radio station).

ECO Data

A number of new features have been added. These are accessed via the Extra Feature menu from the Home Screen

- Advanced Trip, Driver Rating, Parasitic Load Monitor, and ECO Tips.

RSE (Rear Seat Entertainment) Enhancement

A more contemporary RSE Remote Control is being introduced. The new backlit keypad replacing the previous touch screen improves the simplicity of use and will be more familiar to customers as a "point and shoot" device.

Additional RSE features include:

- Journey Status: This is a Navigation Summary screen which displays a pop-up for the rear occupant detailing the time and distance to destination.
- Multi-page jump for USB: Instead of browsing up and down individual files, this feature allows browsing in larger increments – identical to the RSE iPod feature.
- RSE ability to play CDs stored on the audio system hard drive.
- JPG image files can now be displayed from a USB device
- MPEG 4 video now supported

Pricing and Options:

Complete details of the product specifications, model pricing and options build-up follow on the attached pages.

For further information, please contact your Market Manager or Retail Operations Associate at 800-396-7373.

The 2014MY Range Rover - Technical Data at a Glance
