

*Lord, I invite You today to be a part of my study process. To go before me, to be with me and to carry me through to the finish. I believe You have something for me personally as I go through this study, and I'm expectant to hear from You and eager to experience more and more of You.*

*As I work through each Seamless section, I pray that You'd grow in me an abundant joy and a supernatural understanding of Your Word. May You make things clear to me that You haven't yet, so I can fully see the Bible as the one complete and beautiful story You intended.*

*I also ask that You'd give me the strength to stay devoted throughout this entire study. To put in the time and effort it's going to take to do my homework daily.*

*And to help me to remember to pray every time I open my Bible and my workbook, and when meeting with my fellow P31 OBSers.*

*Thank You for leading me to this study and all You're going to do in me to bring your Word to life. May I know the Truth and live the Truth so that it can change everything! In Jesus' name, amen.*
