

Our mission is to develop leaders through inspiration and education to meet today's health challenges. With over 20 years of experience, we are a 501(c)3 non-profit organization with a vision of success that looks like strong, skilled, thoughtful, and collaborative leaders, partnering to transform health and healthcare.

Courses Open For Enrollment

APP Leadership: Driving Impact in Practice

Advanced Practice Providers (APPs) play a critical role in today's care teams and are increasingly stepping into leadership roles across diverse practice settings. Our APP Leadership Course offers a tailored Foundational Level Leadership curriculum to support APPs' skill building, deepen their impact, and enable their success in both formal or informal leadership roles—while also creating opportunities for APPs to build meaningful professional networks with their peers.

Strategic Planning

Hanley Center consultants lead organizations through a collaborative, workshop-based planning process designed for healthcare environments. We also guide you in establishing strategic criteria and a dashboard so you can track progress, stay accountable, and adapt with agility.

Our workshop-based planning process helps your team(s):

- Clarify stakeholder needs and organizational challenges
- Create a shared vision for the future
- Strengthen brand and strategy
- Develop practical, measurable strategies with clear milestones

A well-crafted strategy helps healthcare leaders:

- Set priorities and long-term goals
- Align internal efforts with community needs
- Improve resource use and risk management
- Enhance efficiency and sustainability
- Improve care outcomes through better decision-making
