LETTER FROM THE PRESIDENT

It is my pleasure to present the Report to Donors for the 2014–2015 fiscal year, from May 1, 2014, to April 30, 2015. Overall, last year's gifts to The Catholic University of America from graduates, parents, friends, dioceses, and organizations exceeded \$29 million, and donations to the University's Annual Fund exceeded \$2.1 million. This is \$348,791 more than last year. I am deeply grateful for this remarkable demonstration of generosity. It directly supports the experience and the future of every student and Catholic University community member.

Here in Washington, D.C., the 2015–2016 academic year is off to a terrific start. Without a doubt, the fall semester will be remembered for years to come for our Holy Father's visit on Sept. 23. It was an honor beyond measure for Catholic University to welcome Pope Francis, who celebrated Mass from the East Portico of the Basilica of the National Shrine of the Immaculate Conception with a congregation of nearly 30,000 attendees, including more than 3,000 of our students. It was a historic occasion on many counts: It was the first canonization to take place on American soil. It was the first Mass Pope Francis celebrated in the United States, during his first apostolic visit to the United States. But it was not the first time a pope has visited Catholic University. Pope Francis followed in the footsteps of his predecessors, John Paul II and Benedict XVI, who visited the University in 1979 and 2008, respectively. No other American university has hosted a pope more than once, let alone three times. This unprecedented record is a powerful reminder of Catholic University's unique relationship to the Holy See, as it informs our identity and guides our work.

This Report to Donors acknowledges our generous benefactors who also help to guide our work. This September, we welcomed 908 freshmen — a cohort 10% larger than last year's class. The ongoing support of alumni, parents, and friends enables the University to support our growing population of students, to improve the quality of the educational experience we offer, and to provide financial aid to the large majority of our talented students, regardless of their economic means.

Thanks to your long-standing support, we can continue to serve the young men and women who want to pursue an education at the national university of the Catholic Church and who, we hope, will be among the leaders of the nation and the Church of the 21st century.

Sincerely,

A handwritten signature in black ink, consisting of a stylized 'G' followed by a long, sweeping horizontal line that ends in a small upward flick.

POWER OF *Knowledge*

“I knew that The Catholic University of America would be exactly the right environment for me to thrive both as a person and academically. CUA allowed me to acquire specific talents, knowledge to use for the rest of my life, access to resources, and networking opportunities. Without the scholarships awarded to me, I would not have been able to attend my dream college and I am extremely thankful for all the opportunities that CUA presented to me.”

POWER OF Service

“As part of my CUA experience I was able to go to Arizona just outside of Phoenix where I spent a week with other students painting and redoing a house roof (through CUA’s Habitat for Humanity Chapter). It was probably one of the most exciting experiences I have had since being at CUA. I plan on continuing to be a part of Habitat. It was such a rewarding experience to have the opportunity to meet so many different people who I may have not met without participating in the program.”

POWER OF *Ministry*

“CUA offers many opportunities to serve the community within the campus and outside. It has truly helped shape me as a Catholic woman and who I am today. Time here at CUA is what has inspired me to take a year off to give back to those who need it most.”

CORPORATIONS, FOUNDATIONS, AND MATCHING GIFT COMPANIES

Contributions from corporations and foundations support The Catholic University of America's mission by meeting needs campus wide. Each provides crucial support for student scholarships, intellectual research, and strong academic programs. CUA thanks them for their generosity, which helps to advance academic excellence, strengthen the University's Catholic identity, and prepare students to become tomorrow's leaders.

Gifts from alumni, friends, and parents are often doubled or even tripled by corporations, corporate foundations, or family foundations through their matching gift programs. These gifts augmented the support of our alumni, parents, and friends in 2014–2015, providing an additional \$225,815 or 11% of the total CUA Fund. CUA is grateful to both the initial donor and the matching organization for the additional support.

POWER OF *Knowledge*

“CUA has a special culture of generosity. Because of the generosity of others, I was able to participate in the American Library Association’s (ALA) Emerging Leaders program, a prestigious early-career development program that has opened many doors for me. And, because of a generous alumnus, I am presenting original research at the ALA’s annual conference. I never expected to achieve all these things, and I could not have done them without the support of the CUA community.”

“CUA is in our DNA — it’s the place where we have learned and found inspiration, the place where we have made lifelong friends, the place touched by our fingerprints, our work, and our laughter, the place that has called us back. It is part of our family, and incredibly rewarding to support.”
