NEW COLORS » Silver Tan & Charcoal

FREE BELT

WITH EVERY PANT PURCHASE

Provide your team with the uniform they want to wear at the prices you want to pay!

The Officers Only pant and polo combination are a great uniform option at an extremely reasonable price. These garments are built-to-last and include many features found in many popular brands.

Our trousers include a free belt, multiple pockets, a comfort-fit waistband and pretreated stain release.

The Officers Only polo includes a mic tab | sunglasses clip at the bottom of button placket, pen | pencil stalls in the left sleeve and is now available in new colors!

Our in-house embroidery can quickly customize the shirts with quality embellishments to make the Officers Only pants and polos your team's uniform.

I.C.E PERFORMANCE POLO

96/4% POLYESTER SPANDEX

Features

- I.C.E.™ (Integrated Cooling Effect) Technology
- Fade-, shrink-, and wrinkle- resistant
- Gusseted mesh underarm for increased ventilation and range of motion
- Hidden buttons located under the collar
- Mic clips on both shoulders and sunglass clip under buttons
- Two-channel pen pocket on left shoulder
- Extended length for tucking into trouser

Just a word about the fabric...

I.C.E.™ (Integrated Cooling Effect) Technology engineered directly into the fibers of fabric so it doesn't wash out. This fabric specifically keeps you cool, dry and comfortable on the job. The fabric dries 125% faster than cotton and 30% faster than polyester, so you'll stay comfortable even in the most heated situations.

IMPACT RESISTANT, FOG FREE EYEWEAR

Features

- **Vapor Shield ANTI-FOG:** Military grade anti-fog coating impervious to fog.
- **High Velocity Impact Test:** Capable of resisting impact from a 6.35mm steel ball traveling at a velocity of 45.72m/s.
- **Military MCEPS Test:** High Velocity Impact test used with the speed is increased to 660ft/s.
- **High Mass Impact Test:** Frames and lenses capable of resisting a 500g spike dropped from a height of 127cm.
- **Penetration Test:** Lenses capable of resisting penetration by a weighted needle with a total weight of 44.2g dropped from a height of 127cm.

LENS OPTIONS:

Clear Lens

Ideal for indoor and low light activities/conditions.

Tiger's Eye Lens

High contrast lens. Blue Filter properties reduce eye strain and fatigue while increasing depth perception.

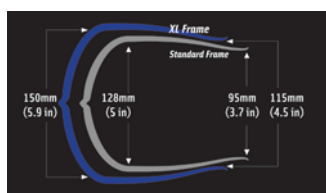

G-15 Lens

Lens for a variety of bright conditions. Lens provides contrast-image definition while offering a cooling sensation to the eyes.

Polarized Black Gradient Lens

The addition of a polarizing filter increases clarity by reducing glare.

**Available for the Blade Runner and Falcon eyewear.*

XL [WIDE] FIT

Larger wider frame to fit comfortably for larger head sizes.
Available for the Blade Runner.

THIN TEMPLE

Thin temple frames offers comfort and functionality by eliminating head pinch and allowing noise canceling and communication headsets to maintain their seal around the ears.

***Available for Falcon eyewear.*

The FlexBadge® by Blackinton is a lightweight three-dimensional, flexible metallic looking emblem that can be customized to replicate your badge, logo or patch. Flexbadge® is a secure permanent alternative to patches and direct embroidery that captures all the badge details and can be adhered to shirts, outerwear, body armor, bags and so much more.

FLEXBADGE® BY BLACKINTON

Features

- Lightweight metallic appearance emblem
- Flexible, pliable for a comfortable fit
- Heat press and Velcro® application
- Available in gold or silver finish
- Dry clean or laundry safe
- Lies flat on material with no buckling
- Block or roman font available
- Mix finishes, seals, numbers and lettering on the same FlexBadge® style to meet minimums

E-Z Slide Duty Belt Buckle

GLIDE BELT - NO BUCKLE

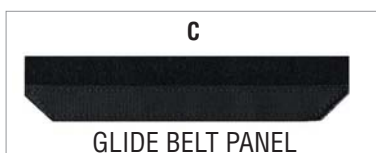

GLIDE BELT - WITH LOW PROFILE BUCKLE

GLIDE INSTRUCTOR BELT - WITH OR WITHOUT BUCKLE

Features

- Minimalist shooting belt with or without buckle
- 1.5" wide, heavy duty nylon webbing
- Designed for easy donning on and off of holstered weapon and gear
- Retains holstered weapon in place when "unbuckled"
- Heavy duty Velcro® and polymer reinforcement
- Quick ease of putting on and taking off holster without unbuckling, weaving and buckling your belt
- Quickly add and remove gear on your weak side
- Ease of incrementally positioning and securing holster in place during dynamic movements
- Buckle design allows easy access to both sides of the belt for gear using closed loop hardware*
- Available in premium leather for everyday carry and professional wear - leather exterior and nylon interior lining

CORRECTIONS

- Protection against spike threats
- Extremely lightweight and flexible
- Available in Levels 1, 2 and 3

An improper fit is the primary cause of uncomfortable armor. While we maintain a first time fit rate of over 98%, GH Armor Systems offers a 60-Day Fit Guarantee for all customized vests. Should the wearer deem their armor in need of alteration - bigger, smaller, longer, shorter - the vest may be returned within 60 days of original shipment to GH for one alteration at no charge. Please note the Fit Guarantee does not apply to vests ordered in stock sizes. Visit our website or contact GH Customer Service to learn more.

FEARLESS

Ultra lightweight
CONCEALABLE CARRIER

Yoke Design reduces the armor profile seamlessly under the wearer's shirt. The Fearless yoke increases the adjustability and load distribution of the armor.

FEARLESS CONCEALABLE CARRIER

Features

- 100% ultra lightweight machine washable nylon fabric exterior and mesh liner with DRI-Lex moisture management technology Aegis Anti-microbial
- Side opening design
- Low profile shoulder tabs
- Integrated internal waistband ensures the vest is worn properly by forcing the front panel to overlap the rear panel for optimal protection
- Seamless zip closure to insert ballistic panels
- Front and back mesh tails (optional)
- 6" x 8" soft trauma pad included
- Hidden trauma plate pocket to reduce armor profile through shirt
- Male | Female design
- Black, Navy, White

Level II: LTST-103-II

ATPC-SPEAR SYSTEM

Features

- Emergency cable
- Adjustable shoulder straps with quick attach points
- Low-profile robust drag handle
- Opening | mounting location for optional CORELOAD™ weight distribution system
- Side Cummerbund:
 - Full wrap around style side cummerbund
 - .045 HDPE rigid plastic inserts to prevent sag
 - Optional gap armor panel
 - Adjustable | removable 4" elastic internal cummerbund
- Ballistic shoulder pads
- Hard armor, bottom loading plate pockets accommodating both standard and shooters cut plates
- Foam and ballistic inserts inside spacer mesh pad for comfort
- Protected by nGuard®: resistant to odor, microbes, fungi, mosquitoes, bed bugs, color fading

CORELOAD™ SYSTEM

The CORELOAD™ System utilizes an ergonomically designed padded hip-belt to anchor the weight of armor reducing pressure on the wearer's shoulders. The integrated load management system effectively controls and redistributes the weight of armor resulting in improved user comfort.

↑ FEARLESS PLATE CARRIER

Four point, quick-release system that operates independently allowing the carrier to drop instantly.

Easily reassembles within 5 seconds!

Features

- Complete 4-point, quick-release system activated by engaging a trigger assembly located in the front center of plate carrier
- Quick-release mechanism functions independently and is not sewn or strapped into the carrier which enables the vest to be reassembled within 5 seconds
- Cummerbunds are capable of holding soft armor panels
- Ergonomic shape offering optimal coverage with unrestricted mobility
- Front and rear loop for patch placement
- Removable shoulder pads include microcellular foam, ballistic inserts and an enclosure for cables
- Removable cummerbunds have a 2-point adjustment for optimal fit and a stiffener to allow for rapid donning and additional stability
- Covered drag handle eliminates snagging and can be easily engaged by pulling a release tab for immediate extraction
- Front and rear loop for patch placement
- Male | Female design

HIGHCOM

GUARDIAN HARD ARMOR PLATES

High Com Guardian Plates offer a great balance between weight, performance and cost without compromising protection.

Guardian plates are designed to withstand ballistic and shrapnel threats. These hard armor plates are built to exceed military and law enforcement standards and can be used in a variety of carriers such as soft armor vests, plate carriers and various EOD (Explosive Ordnance Disposal) type suits.

HighCom plates offer a full line of threat protection from Level IIIA Special Threat, Level III and Level IV hard armor plate inserts. Guardian plates are NIJ compliant, with models available for NIJ 2005 Interim and NIJ 0101.06 standards. In addition, Guardian plates undergo special threat assessment, and some models are independently tested according to the NIJ 0108.01 standard.

Warranty: 5 years on all ballistic material excluding exterior cover and 1 year on exterior cover material and workmanship.

TENCATE CRATUS™ HARD BODY PLATES

TenCate Cratus™ is a collection of full range hard body ballistic plates designed for personal protection against both lead core and armor-piercing ammunition and can be customized to fit personal requirements based on protection, shape, weight, color and cost.

The Cratus™ collection is made with the latest state-of-the-art materials in different combined technologies, including high-molecular polyethylene, aramid fibers and ceramics. Combining flexibility and low weight,

TenCate Cratus™ provides great endurance and mobility during operations and covers a broad spectrum of operational requirements.

The hard body armor plates feature a high multi-hit capability, ensuring the user exceptional personal protection solution if hit by multiple projectiles or fragments. This multi-hit protection complies with – or exceeds – NIJ level III and level IV standards.

Warranty: TenCate Advanced Armor (TCAA) Limited Warranty Statement, TCAA warrants, for a period of sixty (60) months after the “date of issue” that the Soft Armor Materials, Soft and Hard Body Armor Products, and Hard Armor Solutions shall be free from defects in material and workmanship provided all products are used and maintained in accordance with TCAA's Use and Care Manual. A copy of the TCAA Limited Warranty and Use and Care Manual is included with every product or can be found at www.tencateadvancedarmor.com.

DISINFECT AND ELIMINATE Body Armor Odor with ProKure™ Solutions!

ProKure™ SOLUTIONS

ProKure™ is a safe and effective method of disinfecting, sanitizing and deodorizing all types of equipment and clothing. ProKure™ Solutions uses Chlorine Dioxide as the active ingredient; the same agent that is used to sanitize and deodorize drinking water!

- Ideal for body armor, uniforms, boots, duty gear, riot gear, helmets, vehicles and so much more
- Safe on hard and soft surfaces
- Simple to use
- Minimal storage space needed
- No carcinogen or harmful residual

ProKure™ V Liquid

Safe and highly effective for disinfecting hard, non-porous surfaces with the added benefit of deodorizing while it disinfects. Within seconds ProKure™ kills bacteria and viruses faster than bleach.

ELIMINATES A BROAD SPECTRUM OF PATHOGENS

Ebola	Herpes	Listeria	Salmonella
E. Coli	HIV-1	MRSA	Staph
H1N1	Influenza A	Norovirus	Tuberculosis
Hepatitis	Legionella	Parvo	Many Others

ProKure™ D Gas (Fast Release)

Combats stubborn and unpleasant odors and permanently eliminates foul odors without generating any harmful residues.

ELIMINATES ODORS

Animal Waste	Human Waste	Sewage
Chemical	Mold Mildew	Tear Gas
Food	Pepper Spray	Many Others
Garbage	Perspiration	

FLEXFORCE™

CROWD CONTROL SYSTEM

REFLECTIVE LABELS
SOLD SEPARATELY

The FlexForce™ suit is an excellent choice for high threat level riot control, domestic disturbance and cell extraction suit. This lightweight suit is sold as a single unit. Each piece of the suit fastens and adjusts quickly with durable nylon straps, Velcro® and quick connect clips which allows each individual a custom fit.

UPPER BODY PROTECTOR

- Upper body and shoulder protector
- Hard shell front and back panels offer three panel flex design for optimum movement, fit and comfort
- Reflective identification labels can be attached to the front panel for identification: Police, Sheriff, CERT or Corrections

FOREARM PROTECTOR

- Two-piece hard Electrum XK8™ outer shell provides flex needed for forearm and elbow

THIGH AND GROIN PROTECTOR

- Hard-shell Electrum XK8™ outer shell on thigh and hip sections

KNEE AND SHIN GUARDS

- Hard-shell Electrum XK8™ knee caps with super non-slip grip
- Hard-shell Electrum XK8™ shin plates with dull black finish to avoid reflection
- Removable adjustable foot guard plates

EZAIR
RIOT CONTROL BREATH ASSIST POWERED UNIT

- LAW ENFORCEMENT – POLICE
- CORRECTIONS
- CROWD CONTROL
- BORDER PATROL
- BIO PROTECTION – SECURITY

Features

- The Avon EZAir® is the first airflow system that delivers the benefits of a traditional Powered Air Device in a smaller, lighter, integrated system
- Reduces mask wearing fatigue; provides the ability to breathe easier through better airflow
- Responders can communicate and perform critical tasks easier with the aid of this fresh airflow system
- Requires only one filter (filter life dependent on gas level)
- Virtually silent operation (<60dB)
- Instant power up activation
- Greater than 8 hours continuous operational time from new battery pack
- Sealed system provides protection even when powered down

40MM LESS-LETHAL AMMUNITION

BLUNT IMPACT PROJECTILE

- Blunt impact kinetic round
- Collapsible gel nose "mushrooms" upon impact and absorbs part of the kinetic energy, dispersing the inertia causing less injury
- Spreading the impact of the nose over a larger surface area stimulates more sensory nerves leading to greater pain compliance
- Operational range from minimum of 6.5ft (2M) to a maximum 262ft (80M)
- Nose and body disfigure after impact deterring rioters from throw back
- Compatible with existing 40mm weapons
- Maintains In-flight stability while achieving extended range of accuracy

SOF® Tactical Tourniquet

Designed for rapid routing of the tourniquet strap while eliminating need for re-threading the webbing through a buckle. Elimination of re-routing the tourniquet webbing makes it easier and faster to use under stress reducing levels of blood loss and better quality patient care.

Features

- True 1½" constricting band for increased constricting pressure and patient comfort
- Quick-connect, snap-lock buckle design, allowing rapid re-routing of the band around trapped limbs without re-threading
- Low-profile, lightweight alloy components, provide strength and durability only metal can offer
- Single application method-regardless of location
- 15% lighter than the current SOF® Tactical Tourniquet and reduced size for easier storage

FLEX9 ARMOR

INTRODUCING THE FLEX9 ARMOR™ SHIRT

The Ballistic integration of shoulder panels act as an exoskeleton increasing protection without sacrificing movement.

- » Removable Modular Ballistic Panels
- » Greater Articulation in Shoulders
- » Increased Mobility and Protection
- » Uncompromised Performance

FOR MORE DETAILS » SEE PAGE 93

Flex9Armor™ Shirt - Shown above in Ranger Green and MultiCam pattern shown on the left.
