Introduction

The Appalachian Mountain Club has listed conservation, preservation and recreation organizations working in and around the Pennsylvania Highlands.

This compilation is meant to be a resource for those living and working in the Pennsylvania Highlands. However, because organizations are constantly evolving and being created, please understand that the information in this guide will also change. While we will do our best to keep the information current, please make sure to check other sources and the internet for the most current information.

If you know of organizations that we should add or updates that we need to make, please let us know by emailing pahighlands@outdoors.org.

We hope you enjoy this resource,
