**Adjustable from 16" to 21 1/2"**

#### **Cleaning room seating**

Shoptech seating offers many models and options designed to suit the various requirements of «wipe down» and «clean room» application. Shoptech seating is designed to be used as part of an overall clean room program. Clean rooms are environments in which the air supply, materials, equipment as well as the way personnel dress and function are all regulated to control airborne particules. Air cleanliness is maintained at super clean levels that can be measured to meet specific standards. Look for the symbols below to identify the appropriate product for your needs.

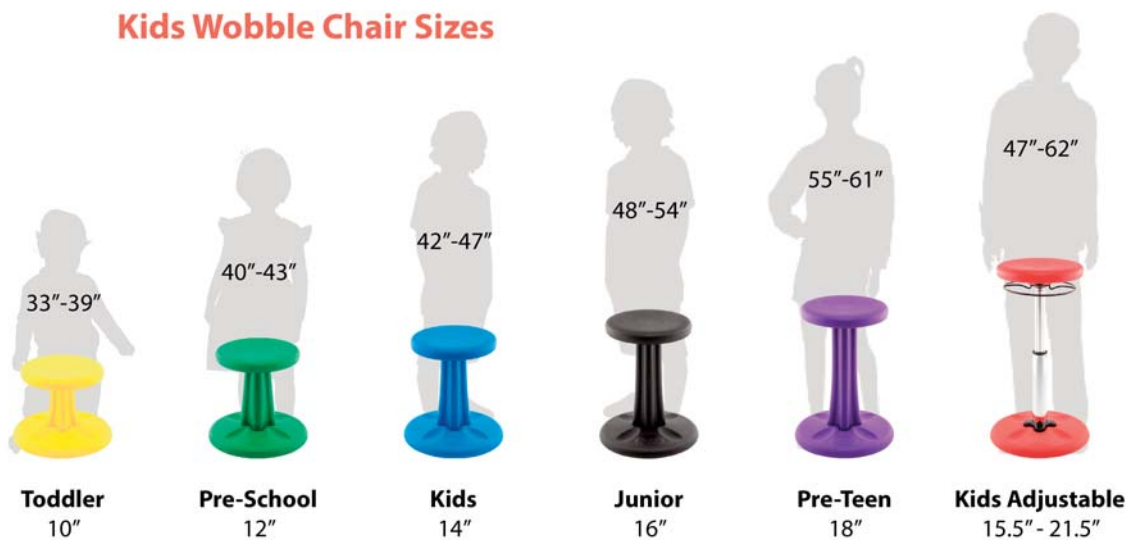

# Wobble chairs

Designed with a gently rounded bottom, Kore wobble chair transforms the boring conventional seat into a playground for your child's imagination. Regular chairs force children's bodies to conform to an unnatural posture. The innovation Wobble chair allows one's knees, hips and and back to find comfortable and ever-chancing positions. Maximum weight 275lbs.

# Surf

Catch the portable surface wave with the surf. This on-the-go writing tablet ensures you have a surface for your laptop or notebook wherever you need it. Both a seat and a surface, the surf lets you work comfortably on the lawn at the park, in the classroom chair, on the floor with friends. One piece polypropylene design is portable and stacks for easy storage when not in use. Available in a range of attractive solid colors.

HATEC-1T-SM

## HATEC-1T-SM

### HATEC-1T-SM

#### Description

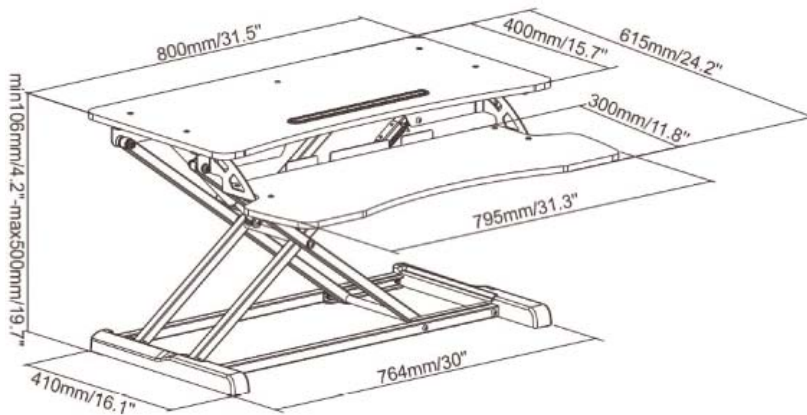

#### Features

- Sturdy steel frame
- 2 stage leg
- Single motor
- Smart controller with 4 memory pre-sets
- Partially assembled for quick and easy set up
- Height adjustable 27" - 45 3/4"
- Width adjustment 41 1/4" - 61 5/8"
- Max weight capacity 209lbs
- Available in White, Black, and Grey
- Top 1" MDF core high pressure laminate (various top sizes available)

## Stand with Goya SSW06-01

- Two-tier design provides an upper display surface for monitors and a lower display service for keyboard and mouse
- 22 height settings for optimal viewing height
- Squeeze handle effortlessly adjusts height
- Non-skid silicone pads
- Primary work surface is 31.5" x 24.2"
- Max load capacity is 15 kg
- Height range is 4.2" - 19.7", Manual adjustment

43

## HAE-02-S Adjustable mechanism

- LED Display
  - 4 preset heights
  - Can save up to 4 different work heights
  - Motor will stop automatically if there is excess weight
  - 4 feet on a center post
  - Weight capacity of 82kg (180lbs)
  - Height range is 25" - 40"
- \*\*\* Table Top NOT included \*\*\*

### HAM-01S

- Sturdy steel and aluminum frame
- Pneumatic height adjustment (Infinite Lock)
- Top is an 18.75" x 27.25" white MDF Oval
- Two locking casters included
- Solid and steady work surface
- Available with black or silver frame

44

#### FRAME & CASTERS

- 1-1/4" (3.18 cm) dia. tubular steel 14 ga.
- Casters: Four 3" (7.62 cm) dia.
- Size: 76-1/2" L x 39-3/4" W x 21" H (regular length)  
(194 L x 101 W x 53 H cm)
- Size: 84" L x 39-3/4" W x 21" H (extra-length)  
(213 L x 101 W x 53 H cm)

#### HEADBOARD

- Walnut plastic laminate
- Edge: "Duro edge"

#### MATTRESS

- Size: 39"W x 72-1/2"L x 7"H (99 x 184 x 18 cm) (regular length)
- Size: 39"W x 80"L x 7"H (99 x 203 x 18 cm) (extra-length)
- Innering type-held in place with velcro strap
- Inner spring

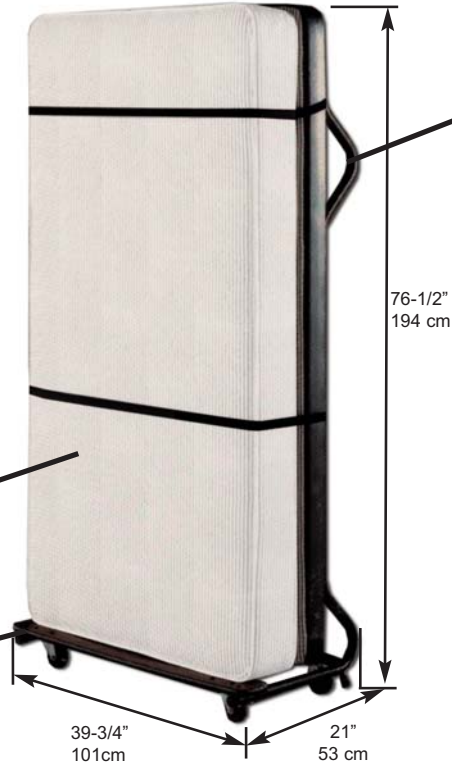

#### FOUNDATION

- Edges: Vinyl wrapped
- Size 39"W x 72-1/2"L x 4"H (99 x 184 x 10 cm) (regular length)
- Size 39"W x 80"L x 4"H (99 x 203 x 10 cm) (extra-length)

When a Mobile Sleeper goes down, your profits go up Now there's a perfect way to solve room mix or added capacity needs. Simply move a Mobile Sleeper to where the guests are. You can charge standard room rates because the beds offers conventional sleeping comfort. And you needn't worry about maintenance because there are no moving parts (except for the wheels, of course). Think of the Mobile Sleeper as the profitable alternative to the old-fashioned rollaway. And a versatile addition to aggressive room marketing.

Bed is furnished with a comfortable, 39" x 72-1/2" x 7" (99 x 184 x 17 cm) inner-spring mattress and 4" (10 cm) foundation with vinyl edges.

Durable plastic laminate headboard with **Duro edge** guard help protect appearance.

Bed is designed so leg becomes handle in transit.

**Materials:** The frame is 16 gauge (1.6 mm) or heavier

steel tubing, electric arc welded construction Springs: heat treated alloy steel. Headboard: 5/8" (1.6 cm) particle board, padded for comfort and upholstered with vinyl.

## CONSTRUCTION:

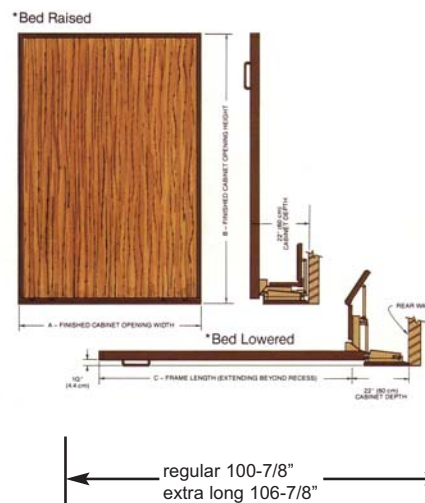

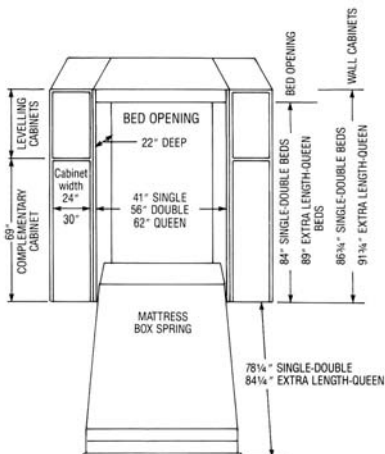

The frame is bolted to the hinge assemblies, which are secured to the floor. The boxspring is attached to the frame and the mattress attaches to the boxspring. All are securely positioned. Adjustment bolts allow easy alignment in the wall opening and compensate for the weight differences in boxspring and mattress. The bottom of the bed provides the finished wall closure.

## INSTALLATION

Wall bed may be either installed in an access cabinet or in a built-on-site drywall recess. Minimum dimensions for such construction are shown on this page. Note that these are finished wall dimensions, not framing dimensions. Recess must be constructed square and true for bed to fit.

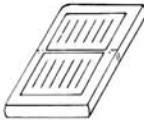

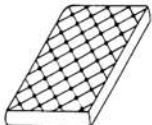

With patented Power Pak system, fingertip pressure raises and lowers the bed. When lowered the bed pivots away from the wall, so you don't sleep in the recess - an exclusive feature. And the Power Pak is built to perform quietly, safely, easily, day after day, year after year.

Note: Customers supplying their own face panel, boxspring and mattress must ensure the weight and specifications as components supplied by Alpha Vico inc.

# Cabinet and metal pedestal

## Lateral file cabinet

- All welded construction
- Drawers colour matched to bodies
- Reinforcing cross member on all 4 and 5 drawer files
- Patented heavy gauge all metal anti-tip system
- Our interlock system has no plastic parts
- Locks, standard and core changeable with master-key
- Locking mechanism with "no plastic parts" locks all drawers
- Hanging file bars standard and included in all drawers
- Drawers rest on heavy gauge, triple extension progressive arms containing 80 steel ball bearings per pair
- 4 metal levellers
- A total of 27 colours available  
(a small surcharge may be applicable in some case)
- Available in 30", 36" and 42" widths

## Metal pedestals

## Features

- Heavy duty, full extension ball bearing suspension on file drawer
  - Box drawers are equipped with heavy gauge drawer slides that glide smoothly on nylon rollers
  - "High side" walls ready to load letter or legal size hanging file folders
  - Full face drawer pulls
  - Core changeable locks included
  - Lock secures all drawers
  - Comes standard with 4 adjustable metal glides
  - Offered in black, putty, grey
- Options
- Keyhole slots on pedestal top available upon request at no extra charge (not illustrated)
  - Pencil trays available as an option
  - Casters are available as an option (not illustrated)
  - 14 colours of laminate tops available as an option (not illustrated)
  - Counter weights available as an option (not illustrated)
  - Special colours may carry an up charge in some cases

## Storage cabinets

## Features

- Recessed handles combine functional good looks with safety
- No protrusions to cause freight damage
- Heavy gauge steel for years of dependable service
- Extra shelves S4-1836-TAB available from stock
- Stock colours are beige, black and grey
- All cabinets have locks
- Flush button can be used as shelf

## Heavy duty industrial cabinets

## Features

- Car door handle with lock
- All welded construction with extra heavy gauge steel for strenght
- Extra shelves available S8-1836-TAB
- Pictured colour (grey #33) is stock, others are available
- The cabinet is designed to carry 300 lbs per shelf evenly distributed with a safaty factor of 2/3

# Locker

## Features

- Single tier lockers are furnished with a hat shelf and 3 coat hooks. Double tier lockers have 2 coat hooks per compartment.
- Doors are double wall construction.
- A full length door strike is standard in all lockers.
- Recessed polyurethane handle.
- 18" wide or 21" deep custom sizes can be made upon request.
- All lockers are available with expanded metal doors which are excellent for better ventilation and security.
- Optional accessories such as extra shelves, number plates, recessed bases, sloping tops, coat rods, locks, and others are available.

75

## Locker Delta GE

When a regular locker just won't do, this robust and contemporary locker is perfect for the job. Double panel door, ventilated at the top and bottom. Full width top and bottom door strike with polyethylene door bumpers riveted into place. Full height door strike for additional security. Comes with chrome pocket with retention spring. GE Delta locker is often the solution for schools or other applications that require premium options.

### Options:

Coat rods, extra shelves, combination locks, key locks, piano hinge, other door perforations, ventilated sides and backs.

## Locker GM&GP

Perforated and mesh lockers offer added security due to content visibility. They offer the same structural specifications and features as the GL while both the expanded steel mesh door of the GM locker and the perforated door of the GP locker provide maximum airflow and still maintain strength and durability.

# General sales policy

## ORDERING PROCEDURE

The customer should place his order on his own numbered order form, indicating the quantity, model number, description, colour, height, shipping method and preferred routing. Written orders confirming phone orders must be marked. "Confirmation" otherwise, the customer may be liable for the cost of recovering duplicate shipments.

## PRICES

Prices are based on specifications as shown in our catalogue. Any deviation must be repriced by our sales office. We reserve the right to substitute materials, if materials are not available and to make design changes which, in our opinion, improve the product. Prices are subject to change without notice.

## GENERAL SALES POLICY

No order in process of production, or product other than standard, is subject to cancellation, delivery deferment or specification change without written acceptance from our sales office.

## TAXES

There shall be added to the sales price any excise, sales, or other tax imposed upon the manufacturer incident to this sale unless otherwise noted on order.

## CREDIT

All orders will be subject to the approval of Alpha- Vico Inc. Credit Department

## TERMS

Net 30 Days. Overdue account are subject to interest of 1-1/5% per month (18% per annum)

## TRANSPORTATION RESPONSIBILITY

All products are shipped F.O.B. factory, unless otherwise noted on order. This means that the buyer and not the seller owns the goods and carries all risk

of loss or damage after the goods leave the factory. It is the buyer's responsibility to inspect the shipment upon delivery before accepting delivery in good condition. Any damage, visible or concealed, must be noted on the carrier's delivery receipt in the presence of the driver. This should be done before signing the bill of lading accepting the goods in good condition. If concealed damage is suspected, merchandise should be uncartoned and inspected within 7 days after delivery. Save all cartons and request an inspection from the freight company within that time period. The customer is responsible to file a freight claim. Alpha-Vico will assist in filing loss or damage claims upon receipt of proper documents, but cannot be responsible for the actual collection of claims or replacement of the order.

## DELIVERY

Alpha-Vico assumes no liability for damages on account of delay in delivery resulting from any cause whatsoever beyond its reasonable control. Alpha-Vico will ship orders in quantity uncartoned by furniture van if requested. The additional cost will be charged to the customer. Alpha-Vico reserves the right to ship by van at their own discretion. Freight charges, in this case, are not to exceed normal rates to same destination.

## SHIPPING TIME

Normally 2-10 weeks for catalogued products of standard construction and plastic patterns. For more details, contact your representative.

## RETURNED GOODS

No returned goods will be accepted unless written consent is given by Alpha-Vico Inc. sales offices. A 20% handling charge will be made on all returns, and payment of freight each way. Special order merchandise are not subject to returns.ques de Alpha-Vico Inc.
