

Step 1: Buy Bitcoin

Bitcoin is the "reserve currency" in the crypto world. To start buying cryptos, buy bitcoin first by converting U.S. Dollars to bitcoin.

Step 2: Storage

"Wallets" provide safe storage for your cryptocurrencies. Some wallets store only bitcoin. Other wallets store multiple cryptos.

Step 3: Buy Cryptos

"Exchanges" allow you to use bitcoin to buy 100s of other cryptos. Simply transfer bitcoin from your wallets to the exchanges.

Some exchanges have wallets, but they're less secure than wallet-only services.
