Harvey Head Cleaner is a utility program designed to prevent clogged heads in inkjet printers.

It reduces the need for wasteful head cleanings, keeps the printer ready to print and extends the printer's life.

Harvey Head Cleaner has been keeping inkjet printers running right since it was introduced in the spring of 2006.

Harvey Head Cleaner is being used by people who depend on their inkjet printers, all over the world. Photographers, printers, awards companies, sign companies, small businesses and others who have invested in good printers.

Currently Harvey Head Cleaner is only Windows-based, for use with computers using Windows 2000, XP, Vista and Windows 7. We'll soon be resuming our quest for a Mac-friendly Harvey Head Cleaner, and [we're accepting email addresses of people who's like to be notified when one is ready for testing.](#)
