Ivan Holmes' life is picture perfect to the public eye, but behind closed doors lies a web of deceit and exploitation.

A former client comes to David asking for help in finding a valuable painting that went missing in the wake of a sensationalized murder investigation. On the surface there is no clear connection between the two events, but the deeper David digs the clearer it becomes that the victim was not the charitable, moral man he seemed. The case has ties to international trade, local government officials, and the small mining town of Flin Flon, Manitoba. Yet most surprising is the link to a piece of David's past for which he has never been able to find closure.
