From the Preface:

There are many books on the Lord's Prayer and each one provides a slightly different approach, and each one contains the author's own unique thoughts. In treating this familiar passage of Scripture, I have also tried to provide a fresh approach and new insights that readers will find valuable.

First, the material is presented in bite-sized pieces. Sometimes a single term occupies a meditation. Twice, one word spans two meditations. This 'slow-motion' approach encourages careful and deliberate reflection.

Second, the book is structured to be read as a daily devotional guide over the course of one month. It may also be read in one sitting or used as a resource to elucidate a part of the prayer that is of special interest to the reader.

In addition to private study and meditation, this book can serve as a guide for small groups, such as Sunday school classes and home Bible studies. Teachers and pastors will find helpful insights to aid in lesson or sermon development.

Third, each reading is followed by a suggested prayer and ideas for further reflection. Using this added feature will increase understanding and promote personal application. This addition will also aid in group discussions.

RBC Discovery Series Booklets - Luke 24:1-12 [1] On the first day of the week, very early in the morning, the women.
