

Electrical Equipment & Components in Japan: Product Revenues in Japan

Format: pdf, epub
Language: English

[DOWNLOAD FULL EBOOK PDF]

The Electrical Equipment & Components Japan eBook provides 14 years Historic and Forecast data on the market for each of the 82 Products / Services covered. The Products / Services covered (Electrical equipment & components) are classified by the 5-Digit NAICS Product Codes and each Product and Services is then further defined and analysed by each 6 to 10-Digit NAICS Product Codes. In addition full Financial Data (188 items: Historic and Forecast Balance Sheet, Financial Margins and Ratios) Data is provided, as well as Industry Data (59 items) for Japan.

There are 82 Products/Services covered, including:

ELECTRICAL EQUIPMENT + COMPONENTS

1. All other miscellaneous electrical equipment & com
2. Capacitors for industrial use (except for electronic circuitry)
3. Shunt & series power capacitors, units & equipment, one-half kVA or more & accessories for industrial use (except for electronic circuitry)
4. Other capacitors (except electrolytic) incl ac, general-purpose for motors, controls, high intensity discharge lighting for industrial use (except for electronic circuitry)
5. Capacitors for industrial use (except for electronic circuitry), nsk
6. Rectifying apparatus
7. Semiconductor power conversion apparatus, except for electronic circuitry
8. Semiconductor battery chargers, automotive
9. Semiconductor battery chargers, industrial & railroad
10. Semiconductor high-voltage power supplies in excess of 2 kV, 100 kW or less
11. Semiconductor high-voltage power supplies in excess of 2 kV, more than 100 kW
12. All other ac to dc semiconductor power conversion & rectifying apparatus, except for electronic circuitry
13. All other ac to dc semiconductor power conversion apparatus, incl computer supplies
14. Uninterruptible power supply (UPS) systems
15. Other rectifying (power conversion) apparatus, except for electronic circuitry
16. Rectifying apparatus, nsk
17. Other electrical equipment for industrial use, except for electronic circuitry
18. Electrical coil windings for industrial use
19. Solenoids for industrial use (except solenoid-actuated regulating valves)
20. Surge suppressors for industrial use
21. Cathodic protection equipment for industrial use
22. Other miscellaneous electrical equipment for industrial use, nec, incl electrical

discharge equipment

23. Other electrical equipment for industrial use, except for electronic circuitry, nsk
24. Other electrical equip., ind. use (exc. for electronic circuitry)
25. Electrical coil windings, industrial use
26. Surge suppressors, industrial use
27. Cathodic protection equipment, industrial use
28. All other miscellaneous electrical equipment for industrial use
29. Oth. electrical equip., ind. use (exc. for elect. circuitry), nsk
30. Laser generator power supplies & components
31. All other laser systems & equipment
32. Ultrasonic equipment (except medical & dental)
33. Ultrasonic equipment, except medical and dental
34. All other apparatus wire & cordage manufactured from purchased insulated wire
35. Electronic systems & equipment, nec, incl automatic garage door openers & amplifiers
36. All other miscellaneous electrical equipment & components (except for industrial use), nec
37. Electric gongs, chimes, bells, etc.
38. Electrical insect killers
39. Electrical door openers, except garage door openers
40. Electric insect repellent lamps
41. Electrical products, nec (excl garage door openers), nsk
42. All other misc. electrical equip./components (exc. for ind. use)
43. Electric bells (gongs, chimes, etc.)
44. Electrical door openers, except garage
45. Surge suppressors, equip. operating on 110-120 volt circuits
46. All other misc. elec. equip./components (exc. ind. use), nsk
47. All other miscellaneous electronic systems and equipment

/.. etc.

Trade Conflicts between Japan and the United States over - Book file PDF easily for everyone and every device. You can download and read online Electrical Equipment & Components in. Japan: Product Revenues in Gartner, Inc. - Sibuport is used mainly for handling timber and agricultural products while Sungai Merah port We offer quickly spare parts of Seibu EDM machines with our superior quality. The book is published by Hydrology and Water Resources Branch of According to Fiji press as reported by The Japan News, Seibu Railway Co. US-Japan Economic Relations: Significance - FAS.org - Goods imported into Japan are subject to Customs duty and consumption tax. Tariff (Duty Rates) System for Commercial Goods clearance procedures much more prompt and problem-free, thus benefiting importers in their preparation of cost estimates and sales plans.
