Let me show you how easy it is for me to assemble a table in ONE DAY for under \$100 and sell it for \$500+!!! You don't need to be a woodworking pro, ANYONE CAN DO IT! In this book I will discuss what tools you will need, where I find my lumber, what type of lumber I use, and how much it costs. I will share 2 plans for 2 style tables that are in VERY high demand and what I did to find clients and orders. I had so many orders in fact, I had to turn down several clients until further notice due to a work overload! No nonsense, just a simple easy-to-follow book on how I make extra cash doing a hobby that I love in no time at all. It's hard work, but if you're willing to learn, you will have tables flying out of your shop in no time. Check it out!
