Maisy and Ellie are no strangers to being put over their mother's knee, but an Uncle Jack spanking is something so much worse. That is the prospect which faces them when their behaviour goes far beyond what their Mummy will accept. She has tried spanking them, turning their bottoms a very painful shade of red, until it is clear only one thing will control her daughters. They are in need of a spanking from Uncle Jack and one they will remember for a very long time.

This is a domestic discipline story featuring the punishment of adult daughters. Do not read if you are easily offended.
