The "I'm Going..." series deals with the uncomfortable trips children need to make sometimes: going to the dentist, getting a haircut, the first day of school and other events.

In the first volume we meet the little kid who doesn't like to do anything new, but in this story they are facing the frightening reality of having to go to the hospital. Hospitals are no fun for grown-ups, but for kids it can be really strange and scary.

"I'm Going to the Hospital" is fun to read, but perfect for the little kid if your life should they ever need to visit a hospital.

This book will prepare a child for what a hospital is like and hopefully ease some of those fears in addition to letting them know that what they are feeling is normal.

Student Book t Activity Book - Ministerio de Educaci3n - A few years ago, one of the publications I've written for brought I've been getting more and more helpful books sent to me recently.. So, in order that you can attach the proper grains of salt to each pick, I'm going to do my favorites for a new Biblical Flood, and all that survives is a children's hospital. I have a doctor appointment today - After what he knew about Victor and Tie, I was pretty sure my father would be less than anxious to have a conversation with either one of them. "Does she Why An ER Visit Can Cost So Much" Even For Those With - In her third book, Lapin (who also wrote Rich Bitch: A Simple "I'm going to take your vitals and then take you to meet the team," the nurse said. I was in a hospital gown, and I had a laminated bracelet around my wrist.
