On the surface, Dani's a laid-back, easy-going joker. Dive a little deeper and you'll find that still waters do run deep. Dani keeps more than his share of secrets, and life as a joker might just be the only way he can deal with a past that should have broken him.

Hear Danio's story, told by the people who know him best. The ones who knew him when all of his laughter was genuine. The ones who were there through the worst that life could throw at him. And the ones who stayed by his side while he picked up the pieces.

Warning: Contains strong language, violence, and sex. Unlike the other books in the More than Magic Series, this is not Young Adult.
