What was she really doing while we thought she was dead?

Stinky's colorful granny is back in town with her latest acquaintance, a 1950s B-movie star known as Boom-Boom to her friends. After a few cocktails by the Black Sea, the new BFFs decide to fake the aging starlet's death as a publicity stunt.

They enlist Stinky's assistance, figuring that as a lawyer he can make even an outrageous lie sound plausible, but it's not easy to disappear, reappear and make people believe your story.

Stinky remembers Boom-Boom from the Friday night sci-fi movies he watched as a teen and discovers he's not the only one who enjoyed her films. Thanks to his efforts a new generation discovers classics like *The Monster from the Mauve Cove* and *Escape from a Female Chain Gang* on the big screen as they were meant to be seen.

### **About Stinky Stories**

Stinky and Eddie appear in almost eighty comic short stories in the #1 bestselling Amazon series. Stinky is chatty and insouciant, and while Eddie may not say as much, when something needs to be done, he's already doing it. They're as close as Brooklyn and Queens and as unlikely to separate.

Stinky doesn't go looking for trouble, but he can't hide from it. It's part of the 'best looking man on the planet' package. Stinky has an assortment of relatives, but they all have the ability to get him in trouble, whether granny returns to town with a eurotrash beau, his mother decides that her husband is cheating on her, or his nephew turns a Sunday school play into a comic disaster. Stinky and Eddie would like to live quietly, but lucky for us that never happens.

Stinky and Eddie are supported by a collection of outrageous guest stars and an ever expanding cast of relatives. The stories are witty and literate and readers don't have to leave their brains in a jar to enjoy them. Whether it's a flat-out farce, bedroom comedy, sexy romp, sly satire or screwball family intrigue, you're never far from a happy ending in every Stinky story. Isn't that what we really need these days?
