Raaiselkind is 'n verhaal wat die kruis van outisme genadeloos oopvlek. Sentraal in hierdie aangrypende gegewe staan twee onvergeetlike vrouekarakters: Ingrid Dorfling, ma van Alexander, wat die grense van wanhoop versit in haar verbete stryd om die kind wat hulle hele gesinlewe ontwig 'n mens te laat word. En in die proses omtrent alles wat kosbaar is, verloor.

Parallel met Ingrid staan Miriam 'n oppasma 'n wat met haar kinderlike godsvertroue en aardse wysheid die enigste is wat tot 'n Boetatjie kan deurdring. Wat, as niks meer help nie, met hom onder die olienhoutboom gaan sit en sussende hallelujaliedere sing.

En dan is daar Alexander. Vreemdelingkind op sy eie 'n eiland. Gillende, skoppende seuntjie wat kantelkop sit en luister wanneer die kerkklokke beier 'n Raaiselkind. □
