Finding and keeping great friends, fans, customers, or employees is dependent on how effective you are at building strong lasting relationships.

Whether you are seeking new friends or to develop your networking skills, being social is the building block for success in life and work.

The book dives deep into building relationships. It talks about the 5 roles we all play in group settings. How to handle anxiety in a crowd. How to work the room as an introvert. Best conversation practices and how to build your social flow.
