Management today is far more than just about controlling numbers and KPIs. The really, really successful manager of today needs to understand how to develop a winning team, how to create circles of influence that will skyrocket his success. This short book charts the actual success of a truly outstanding manager who took on a deeply unhappy, demotivated and broken team that were languishing at the bottom of the Company league table and then, within 7 months, led the team to the coveted No 1 position! The book contains all the elements of the journey that took the team from the very bottom to the very top. All the keys that this outstanding leader manager used to are clearly presented in a step by step easy to read format. Follow her example and you will be destined for the top!
