ABC of Resuscitation is a practical, illustrated guide to the latest resuscitation advice for the non-specialist and provides the core knowledge on the treatment of cardiopulmonary arrest.

This edition provides a guide to the European Resuscitation Council Guidelines for Resuscitation 2010 and the Resuscitation Council (UK) 2010 Resuscitation Guidelines.

It Includes: the causes and prevention of cardiac arrest basic and advanced life support for adults, children and newborns resuscitation in a range of contexts (in-hospital and out-of-hospital, including drowning, pregnancy, sport and trauma) important aspects of implementation of guidelines including human factors and education

Â *ABC of Resuscitation, 6th Edition*Â is ideal for all healthcare professionals including junior doctors, medical students, general practitioners, paramedics and nurses. It is also useful for pre-hospital care practitioners, emergency medicine trainees, resuscitation officers and all those who teach resuscitation.
