Gruesome murder rocks art world

Hard-nosed Detective Dane Reynolds has met his match with up-and-coming sculptress, Simone Preston, the prime suspect in his current homicide. As he digs into her past and uncovers another dead ex, he questions if he has a Black Widow on his hands.

Simone is shocked when her ex-boyfriend is found strung to a piece of art she has up for auction, especially since he's not the only former flame to be murdered. Someone is setting her up, and with the help of the one man who could put her away, she's determined to find out who.

The two find themselves caught in a tangled obsession that could leave them in danger of losing their lives as well as their hearts.
