In her latest Camdens of Colorado story, *USA TODAY* bestselling author Victoria Pade introduces readers to a suddenly single father and the woman who might be his perfect match, if they can get past their feuding families!

Lang Camden has the daddy of all dilemmas! He just found out he's a dad of a rambunctious two-year-old. He's now the sole guardian of said toddler and he's never pulled diaper duty in his life! What's a man to do?

Enter Heddy Hanrahan, the widowed baker who's as luscious as her cheesecakes. Lang's on a mission to help her business, and Heddy willingly lends a helping hand with his child. The chemistry between them is off the charts; but the history between their two families is complicated, and if Heddy lets herself love this man and his little boy, she could lose everything. Is it a risk she's willing to take for love?
