UPDATE: 23 Time #1 Bestseller!

Life & Debt is not your typical "get debt free" book... It's about learning to love and embrace your debt because in today's world, it is practically impossible to be debt free. Life & Debt is not about teaching life without debt, or to be free of debt, but **learning to live with debt** and embracing it to the extent that you manage it and take on debt that makes sense for your life.

"Life & Debt is a terrific book for people who are tired of living paycheck-to-paycheck because of their debt."

Whether you are recovering from past debt, trying to keep from getting into more debt, or going through a life transition (marriage, divorce, retirement), the lessons in this book explain in **simple terms** how to properly *manage your debt*.

From nearly two decades of experience in the industry, leading debt authority **Leslie Tayne** has finally written the ultimate real-world guide for anyone with debt.
