From Carol Jago and the authors of *The Language of Composition* comes the first textbook designed specifically for the AP<sup>\*</sup> Literature and Composition course. Arranged thematically to foster critical thinking, *Literature & Composition: Reading & Writing & Thinking* offers a wide variety of classic and contemporary literature, plus all of the support students need to analyze it carefully and thoughtfully. The book is divided into two parts: the first part of the text teaches students the skills they need for success in an AP Literature course, and the second part is a collection of thematic chapters of literature with extensive apparatus and special features to help students read, analyze, and respond to literature at the college level. Only *Literature & Composition* has been built from the ground up to give AP students and teachers the materials and support they need to enjoy a successful and challenging AP Literature course.

Use the navigation menu on the left to learn more about the selections and features in *Literature & Composition: Reading & Writing & Thinking*.
