Nadia wants no part of the shevoru, the dark blade that has gained power by possessing the souls of raging half-bloods and monsters she has killed. Since learning the secret of the dagger, she has freed herself from its influence and is finally ready to make the journey to rid the world of its evil by using the power of an ancient device.

But when a visitor from her past steps back into her life, Nadia will be forced to make a choice between two men and two fates that could upset the struggle for dominance over the world. Amid games of intrigue and blood, demons from a forgotten era rise again, and the shevoru, the spirit blade, may be the only hope to save the world from annihilation and reveal to Nadia who she really is.
