Everyone is blinded by the hype of grades,  
Juxtaposing which, good intentions often fade.  
Marks MAY help you pay your bills,  
But doesn't assure a smile, like a PUBG kill.  
Grades are important, I dare not deny,  
But don't get caught up, while your youth passes by.  
Have fun while you can, experiment all you want,  
Postpone your thesis submission, for an imminent Goa jaunt.  
I don't want you to fail, that's far from my intention,  
But to remind you,  
That education goes beyond the constant tension.  
I hope this book serves you more nostalgia than infliction,  
Sit back and enjoy this amalgamation of true facts and fiction.
