

Community Group Purpose

As multiplying communities of grace, we live in authentic relationship with fellow followers of Jesus for the transformation of ourselves and others by the power of the Gospel. We believe that it is in Community Groups that we learn to Enjoy God, Magnify Grace, Love Others, Understand Truth, Live in Integrity, Advance the Gospel, and Depend on the Spirit. Jesus modeled these values for us and our priorities for community groups are born out of these values:

Life with Jesus: intentionally helping each other understand God's Word and follow His Spirit.

Life in Community: intentionally living in relationships built around the life and mission of Jesus.

Life on Mission: intentionally participating in God's story of redemption in your spheres of influence.
