

**GOD'S POWER
FOR SALVATION**

ROMANS

**Most people today believe
that they can get to God
without a Savior.**

**Most people also believe:
"I am a good person who
occasionally does bad things."**

**You are not a good person who
occasionally does bad things.
The Bible says you are a sinner.**

**You are not a sinner because you sin.
You're a sinner because at the core of
your nature you were born a sinner.
You and I are *natural born sinners*.**

The starting point of understanding what God has done for you in Christ is understanding that you are a sinner who needs to be saved from your sin.

**The fact that we all die tells us
that we all are sinners by nature.**
