PLATINUM SECURE TESTING FOR THE IPAD

The iPad Edition of "LockDown Browser" (available from iTunes) enables a student to use an iPad to take all tests that are enabled with "Platinum Secure Testing."

Please Note: The instructor must make the test secure. The instructor making the test enables Platinum Secure Testing which permits the use of iPads for the exam.

INSTRUCTOR DIRECTIONS

An instructor should follow these steps to allow students to access an exam with the iPad Edition of LockDown Browser using Platinum Secure Testing:

These directions are the same for allowing "Platinum Secure Testing" in a full browser as well as the iPad version.

Login to EMSTesting.com using an instructor account.

Ensure your role is that of an instructor.

Select the current class you would like to add a test to.

Click the Edit Class button.

Select the Tests tab.
You will see all tests associated with the class. Click the **Add Test to Class** button.

This page will list all tests available for this class, click the **add** button next to the test you would like to add.

Once you have clicked the **add** button you will see the settings to set for your test.
Check the box for **Require Platinum Testing**.

Click the **Save** button.

**STUDENT DIRECTIONS**

A student should follow these steps to take an exam with the iPad Edition of LockDown Browser:

Download and install the "LockDown Browser" app from Apple iTunes to the iPad. (Requires iOS 7 or higher.) [https://itunes.apple.com/ca/app/lockdown-browser/id659101775?mt=8](https://itunes.apple.com/ca/app/lockdown-browser/id659101775?mt=8)

Enable iPad's "Guided Access" by selecting iPad > Settings > General > Accessibility > Guided Access.
Turn on **Guided Access** and set a **passcode** (you need to remember this passcode to exit Guided Access after you take your test). The setup for Guided Access only needs to be done once.
**Please Note:** On your iPad, you will need to navigate to the start of the exam in the mobile Safari browser and when the Platinum browser would normally be launched, the iPad App will be auto-launched instead.

Select the **Take Test** button.
Select the **Begin Test** button.

**Agree** to our terms of agreement, then click **Open** for the "Open in LockDown" prompt.
Click **OK** to allow LockDown to Access the Camera.

Click **OK** to allow LockDown to Access the Microphone.
Triple-press the iPad home button to start Guided Access and enter LockDown Browser.

Click the **Start** button on the top right of your iPad screen.
After completing the exam, triple-press the home button and click **End**. If you want to Resume, click Resume.
Enter the passcode you entered in the beginning to exit Guided Access.

Press the Home button again to return to the Home page.
