Rehearsal Suggestions

This unique piece is designed to be performed with groups of players of varied abilities such as bands where grades from 6 through 12 are in the same class or when combining several bands of different levels together in a "mass Band" to end a concert. The composer has tried to keep the 1st parts more difficult than the second parts and the 2nd parts more difficult than the 3rd parts to help each student have an important part that they are capable of playing. In some cases, such as the tuba part, this concept was not possible and only one part was written of all. It is not necessary to have all of the instrument parts covered to play this arrangement.

Many percussion parts were included to allow a large number of students to be involved in the performance of this number. Again, it is not necessary to have each percussion part cover to have a nice performance of this composition.

The Composer

Jerry Williams holds a Bachelor of Music Education degree from Indiana University and a Master of Arts degree in Education from Ball State University. For the past eighteen years he has taught instrumental music in the Greensburg School Corporation, Greensburg, Indiana. In addition, he has been involved in free-lance writing and has the music to several commercials produced in the Indianapolis area to his credit.

Jerry has written and arranged music for all levels of school bands. His writing approach for young bands has always been to assure the director of a full-sounding arrangement that contains reasonable performance challenges. Jerry has several young band compositions in the Barnhouse catalog which are becoming widely known for their playability by young musicians.
