PROGRAM NOTES

Balatro is the Latin word for “joker.” In this dynamically dark composition, the musicians delve into the varied landscapes shaped by the presence of a *Balatro* (Joker). Central to the piece is the use of the octatonic scale, known for its tonal ambiguity, which allows for fluid shifts in tonality while maintaining a sense of stability. Through this exploration, the music captures the enigmatic essence of the Joker and the intriguing complexities of its world.

NOTES TO THE CONDUCTOR

The hi-hat markings in percussion 2 are optional. If you choose not to open and close the hi-hat, please play it closed as an alternative. It is important to note that all dynamics throughout the piece are to be performed subito, unless a crescendo or decrescendo is placed. To support the articulated downbeats in the winds, the bass drum between mm. 130 and 140 should rearticulate the roll, having a slight break between each rolled note. Circle-slash in the hi-hat part indicates to have the performer put slight pressure on the pedal to produce a “buzzy” timbre.

Throughout the piece, there are many intentional dissonances; they should be brought out with full purpose to convey the artistic intention of the piece. Also, glissandos should take the full duration on the first note attached to the second note.

Though the tempo has a marked range of 132–148, the preference is to play the piece at 148, with the minimum being 132. The range is provided to allow for discretion in choosing the best tempo for a clean ensemble performance.
