## Canzon Noni Toni a 12 CH 183

Giovanni Gabrieli  
*Arranged by David Marlatt*

Canzoni were pieces composed for various combinations of instruments and various sizes of ensembles. The actual instrumentation of many of Giovanni Gabrieli's canzoni is not known, mainly because these pieces were designed for an ensemble of non-specific instruments. They were often performed combining oboes, violins, trumpets, trombones, gambas and many others. The most famous set of Gabrieli canzoni was his *Sacrae symphoniae* (1597). Included in these 16 works is the famous *Sonata piano e forte* and this piece arranged for modern brass ensemble.

Dynamics and articulations have been added by the arranger and may be altered to best suit the players.
