# Rising Band Series

(Grade levels 1 1/2 - 2)

The Rising Band Series is carefully designed and written to serve the performance needs of the developing band program. In addition to providing quality performance literature for your concert program, each title in the series provides an appropriate musical setting for the conductor/teacher to reinforce musical concepts and skills that have been addressed in the first two years of instruction. Written at two grade levels (1 1/2 and 2), the Rising Band Series provides a variety of musical works that employ the note and rhythm sequence used in most band method books. The Rising Band Series is a sound fundamental approach leading to a command of the concert band.

### Program Notes

The term argosy is often used to refer to a rich store of content. **Argosy** by Robert W. Smith is a composition rich with musical content and opportunity for the band. Beginning with a mysterious opening statement in the woodwinds, the piece quickly intensifies to feature the full winds and percussion. Rhythmic interaction between sections interwoven with long glowing melodic lines create musical momentum throughout leading to a very intense conclusion.

### Note To Conductor

The opening statement should be very lyrical yet with a sense of momentum. The dynamic shaping is crucial in the woodwinds. Please insure presence in the chimes as it relates to the dynamic level of the woodwind choir.

There should be no break between m. 14 and 15. The percussion establish the tempo in m. 15 leading to the wind entrance at m. 16. The percussion section responds to the winds in m. 18-19 and 22-23. Please insure balance between the wind and percussion statements. In addition, the crescendo effects in m. 25 and 27 should be strong and balanced in the wind section.

The fp at m. 79 should be carefully established to allow for a smooth crescendo poco a poco to m. 85.

I hope that you and the band find **Argosy** to be a rewarding musical experience. Best wishes for a wonderful performance!
