Rising Band Series

(Grade levels 1 1/2 - 2)

The Rising Band Series is carefully designed and written to serve the performance needs of the developing band program. In addition to providing quality performance literature for your concert program, each title in the series provides an appropriate musical setting for the conductor/teacher to reinforce musical concepts and skills that have been addressed in the first two years of instruction. Written at two grade levels (1 1/2 and 2), the Rising Band Series provides a variety of musical works that employ the note and rhythm sequence used in most band method books. The Rising Band Series is a sound fundamental approach leading to a command of the concert band.

Program Notes

A fun and comedic musical romp, **Musical Mayhem** features each section of the band. The light and tonal melody begins to go awry as various sections inject musical dissonance and melodic fragments in an otherwise traditional piece. Following the keyboard percussion feature, hold on as the tempo increases and we race to the finish!

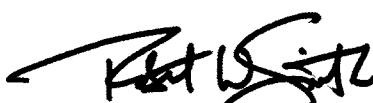

Rehearsal and Performance Suggestions

This piece is designed to teach balance and musical focus to the entire ensemble. At these levels, one of our greatest challenges as educators is to develop ensemble listening skills. It is often quite challenging to teach how to listen beyond one's stand and/or section.

Musical Mayhem is written to feature sections and small groups throughout. As each section performs their feature or dissonant interjection, the "ears" of the band should follow the musical movement throughout the ensemble. Balance the band accordingly so the musical focus is on the featured moment.

As an option, you may wish to stage the keyboard percussion feature in front of the band. The feature should serve as a technical showcase for the keyboards and generate a strong audience response. The final full band statement should be as fast as possible, but no faster!

I hope you, the band and audience find **Musical Mayhem** to be a valuable musical and educational experience. Best wishes for a wonderful performance!
