About the Arranger

Tyler Arcari (b. 1989) is a composer, arranger, author, and clinician whose music is played around the world. He received his B.A. and M.S. degrees in music education from Troy University where he studied with composer Ralph Ford and Euphonium under Dr. Mark J. Walker. As a teacher, Tyler has taught at both the middle and high school levels. Tyler's primary focus when writing has been for the young musician. He became passionate about and interested in the needs of developing musicians as a classroom teacher, and finds writing for musicians at this level to be very rewarding.

Tyler's music can currently be found published through Excelcia Music Publishing, Wingert-Jones Publications and Carl Fischer Music. His original works have been featured on Bandworld Magazine's Top 100, All-State programs, as well as numerous state contest lists and events such as the Midwest Clinic in Chicago. As an arranger, Tyler has worked with many high school, university, and community groups as well as for professionals such as Carl Hilding "Doc" Severinsen and vocalist Holly Shelton. As a Clinician, Tyler regularly appears as composer in residence as well as guest clinician for honor bands.

Currently, Tyler serves as the Director of Music Production and Editing at Excelcia Music Publishing, Wingert-Jones Publications, Kendor Music Publishing, and RBC Publications. In his spare time, Tyler enjoys playing fantasy-world video games and building his own computers. He is an avid animal lover and lives in Lakeland with his wife Heather, their two rabbits named Maximus and Marshmallow, their peach cat named Otis, and dog named Hilda.

Absolutely Beethoven (Allegro from Symphony No. 5, Für Elise, Egmont Overture, "Ode to Joy" from Symphony No. 9)

Naturally when one thinks of the Orchestra, the brain – at least at some point – springs to Beethoven. An Icon in the world of classical music, Beethoven's works are timeless and still some of the most programmed pieces in the world. Whether it is nostalgia or genius – something keeps drawing us back to this music.

With this arrangement, I wanted to try and bring some of these works to life for the younger string musician, while also providing a little something new. Imagine if you will, Beethoven's other famous works, taking shape amidst one of his most iconic works – the Allegro from Symphony No. 5. Each new work is introduced almost as a "flash-back" sequence within the broader work of the Allegro. This allowed me to present these works (*Für Elise*, *Egmont Overture*, "Ode to Joy". *Symphony No. 9* & of course the *Allegro from Symphony No. 5*) in an accessible form for younger players (inserting works during more challenging sections of the Allegro) and all the while crafting something totally new, but *Absolutely Beethoven!*

I truly hope that this work is an accessible, and worthwhile introduction to one of the great composers of our history and that you have as much fun as I did arranging it!
