About the Composer

Dr. Jack Stamp (b. 1954) is Professor of Music and Director of Band Studies at Indiana University of Pennsylvania (IUP), where he conducts the Wind Ensemble and Symphony Band and teaches courses in undergraduate and graduate conducting. Dr. Stamp received his Bachelor of Science in Music Education Degree from IUP, a Master's in Percussion Performance from East Carolina University (ECU), and a Doctor of Musical Arts Degree in Conducting from Michigan State University, where he studied with Eugene Corporon.

Prior to his appointment at IUP, he served as chairman of the Division of Fine Arts at Campbell University in North Carolina. He also taught for several years in the public schools of North Carolina. In addition to these posts, Dr. Stamp served as conductor of the Duke University Wind Symphony (1988–89) and was musical director of the Triangle British Brass Band, leading them to a national brass band championship in 1989.

Dr. Stamp's primary composition teachers have been Robert Washburn and Fisher Tull, though he was strongly influenced by his music theory teachers at IUP and ECU. Recent studies include work with noted American composers David Diamond, Joan Tower, and Richard Danielpour.

He is active as a guest conductor, clinician, adjudicator, and composer throughout North America and Great Britain. His compositions have been commissioned and performed by leading military and university bands across the United States. He has won the praise of American composers David Diamond, Norman Dello Joio, Michael Torke, Samuel Adler, Robert Ward, Robert Washburn, Fisher Tull, Nancy Galbraith and Bruce Yurko for performances of their works. He is also a contributing author to the "Teaching Music Through Performance in Band" series.

In 1996, he received the Orpheus Award from the Zeta Tau Chapter of Phi Mu Alpha for service to music and was named a Distinguished Alumnus of Indiana University of Pennsylvania. In 1999, he received the Citation of Excellence from the Pennsylvania Music Educators Association. In 2000, he was inducted into the prestigious American Bandmasters Association.

Two CD recordings on the Citadel label, *Past the Equinox: The Music of Jack Stamp* and *Cloudsplitter*, feature the composer conducting the Keystone Winds in performances of his bandworks. He is founder and conductor of this ensemble, and he also leads them on the Citadel releases *Night Fantasy: The Wind Music of Robert Ward*, *Divertimento: Wind Music by American Composers*, *Celebrations*, *Wind Visions: The Music of Samuel Adler*, *Songs of Abelard*, *Pageant*, *Cornerstones*, *Out of the Depths*, and *The Composer's Voice: The Music of Norman Dello Joio*. He was awarded the title of "University Professor" for the 2008–2009 academic year at IUP. This is the highest award the university gives to a faculty member.

Kjos Music's Guide to © Copyright

Composers rely on the income that their compositions generate, and it is the job of the copyright holder to protect the work from infringement. Copyright laws can be pretty tricky to navigate, so here are a few helpful tips to guide you through the process.

Adjudicator Copies

During contest and festival season, the majority of the inquiries we receive concern making photocopies of scores to meet specific requirements for the judges at a festival.

If you're performing a concert selection out of one of our method books (*Tradition of Excellence*, *String Basics: Steps to Success*, *First Place for Jazz*, among others), permission may already be given to make the necessary photocopies for judges at these festivals. Please refer to the notices printed in the teacher score on the specific piece.

If a student is performing a solo from one of the method books listed above, permission is already given. In addition, a photocopy may be given to the accompanist.

Extra scores for our band and string repertoire (*Beginning BandWorks*, *BandWorks*, *Conservatory Editions*, *StringTracks*, and *Steps to Successful Literature*, among others) are available for purchase from your favorite music dealer. If you're performing a work from a series that's not listed above, please contact us for permission.

Making an Audio or Video Recording

A license is required any time you make an audio or video recording of a copyrighted work. Audio recordings are compulsory, meaning, we can't deny your request; you just need to apply for the Mechanical License and pay the royalty. The royalty rate is set by the Library of Congress. For current rates, please visit www.copyright.gov.

The license to make a video of a performance, known as a Synchronization License, is not compulsory. Permission must be obtained from the copyright holder before distributing any copies, regardless if they are being sold or given away for free.

Arranging for Marching Band or Another Ensemble

We're pleased to grant licenses to make a marching band (or other) arrangement of one of our concert works. However, permission is required before work can begin, and there are a few works whose composers have indicated that they do not want their compositions to be altered. Please contact us to make sure the piece you're interested in is available for licensing.

If you're planning to play the original piece without **any** alterations or additions, then a license isn't needed. However, for example, if you're rewriting the brass parts for marching instruments (mellophones, bugles), or adding marching percussion, or making cuts, adding repeats, or creating a medley with another composition, a license is required.

What If I Want To ... ?

If you'd like to use a composition in **any** other way, please contact us and we would be glad to advise you.

Contest and festival season is a busy time for our Copyright Office. Please contact us at least **three weeks** before your concert date so that we may help you in time. Please visit www.kjos.com and click on the Licensing tab to find out more information or to submit a license request.

We're so pleased that you've chosen to perform one of our pieces! We appreciate your support and we want to make the licensing process as easy as possible for you.
