He recently joined the faculty at JMU as an adjunct instructor.

## About the Composition

This composition is dedicated to the life of Lisa Spiers. Remembering her courageous fight with ocular melanoma. It was commissioned by Mr. Robert Spiers and the Lancaster (VA) High School band program.

**Glad Adoration** uses the German hymn tune "Lobe den Herren" (more commonly known as "Praise to the Lord, the Almighty") as its musical foundation. The piece opens with a very bold and dramatic statement depicting awesome power and majesty. It then moves into a more reflective and serene style with hints of various motifs from the hymn appearing at various places. The tune moves through several different moods just as our lives move though periods of great joy and happiness followed by times of sorrow and sadness. In the end, death is not the victor however, and a glorious version of the hymn tune depicts the triumph all of us have over death. The piece ends in a calm and peaceful style as we all eventually "rest in peace."

# **Kjos Music's Guide to © Copyright**

Composers rely on the income that their compositions generate, and it is the job of the copyright holder to protect the work from infringement. Copyright laws can be pretty tricky to navigate, so here are a few helpful tips to guide you through the process.

## **Adjudicator Copies**

During contest and festival season, the majority of the inquiries we receive concern making photocopies of scores to meet specific requirements for the judges at a festival.

If you're performing a concert selection out of one of our method books (*Tradition of Excellence, String Basics: Steps to Success, First Place for Jazz*, among others), permission may already be given to make the necessary photocopies for judges at these festivals. Please refer to the notices printed in the teacher score on the specific piece.

If a student is performing a solo from one of the method books listed above, permission is already given. In addition, a photocopy may be given to the accompanist.

Extra scores for our band and string repertoire (*Beginning BandWorks, BandWorks, Conservatory Editions, StringTracks, and Steps to Successful Literature*, among others) are available for purchase from your favorite music dealer. If you're performing a work from a series that's not listed above, please contact us for permission.

## **Making an Audio or Video Recording**

A license is required any time you make an audio or video recording of a copyrighted work. Audio recordings are compulsory, meaning, we can't deny your request; you just need to apply for the Mechanical License and pay the royalty. The royalty rate is set by the Library of Congress. For current rates, please visit [www.copyright.gov](http://www.copyright.gov).

The license to make a video of a performance, known as a Synchronization License, is not compulsory. Permission must be obtained from the copyright holder before distributing any copies, regardless if they are being sold or given away for free.

## **Arranging for Marching Band or Another Ensemble**

We're pleased to grant licenses to make a marching band (or other) arrangement of one of our concert works. However, permission is required before work can begin, and there are a few works whose composers have indicated that they do not want their compositions to be altered. Please contact us to make sure the piece you're interested in is available for licensing.

If you're planning to play the original piece without **any** alterations or additions, then a license isn't needed. However, for example, if you're rewriting the brass parts for marching instruments (mellophones, bugles), or adding marching percussion, or making cuts, adding repeats, or creating a medley with another composition, a license is required.

## **What If I Want To ... ?**

If you'd like to use a composition in **any** other way, please contact us and we would be glad to advise you.

Contest and festival season is a busy time for our Copyright Office. Please contact us at least **three weeks** before your concert date so that we may help you in time. Please visit [www.kjos.com](http://www.kjos.com) and click on the Licensing tab to find out more information or to submit a license request.

We're so pleased that you've chosen to perform one of our pieces! We appreciate your support and we want to make the licensing process as easy as possible for you.
