TO THE DIRECTOR

This straight-ahead swinger provides an abundance of teaching opportunities. The chart opens strong with the saxophones playing off of the brass figures. Dynamics then come down for the first melodic statement at measure 13. Trombones must be careful to not overplay the background figure here.

The brass section takes over the melody at measure 25. Crisp articulations are important here. When the rhythm section drops out at measure 37, remind all horn players to keep a strong sense of time.

The solo section begins at measure 49 and may be opened up for as many solos as you wish (solo sheets provided). Backgrounds should be cued as desired.

Pay close attention to dynamics at measure 61. Again, very crisp articulations are crucial. The shout chorus at measure 73 should be big to take the chart out.

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at www.kendormusic.com.

Doug Beach has built a career that includes performing (trumpet), teaching, adjudicating, publishing and composing. Inspired by his interest in playing, writing and teaching, in 1975 he established the publishing company which bears his name. Three years later, Doug joined the faculty of Elmhurst College in Illinois as director of jazz studies; in the years since, his band has toured Europe often and has appeared with jazz greats Gary Smulyan, Dennis Mackrel, Nicholas Payton, Dee Dee Bridgewater, Patti Austin, Lee Konitz, Jeff Hamilton, Bobby Shew and others. In 1996, the Count Basie Orchestra and New York Voices recorded his arrangement of "Cottontail" on a CD that went on to win the Grammy Award for best large jazz ensemble.
