### TO THE DIRECTOR

This exciting salsa makes a great closer or change-of-pace programming choice. The brass ranges are reasonable for proficient groups, with lead trumpet extending only to D6 and trombone to A4. Effective salsa rhythms and vocabulary are utilized throughout, and the piano and bass are fully notated to ensure authenticity. The solo changes are limited to dominant 7th chords and offered for 2nd trumpet and 2nd trombone, but may be delegated to other instruments if desired.

For best results, the cascaras rhythm notated at the beginning of the drum part should be played on the shells of the floor tom-tom and snare. Additional percussion can be added, such as congas, timbales, and cowbell. The bassist should make a conscious effort to phrase uniformly with the bass drum rhythms starting in measure 18. Wind players are advised to over-emphasize articulations for a crisp, spirited rendering. At measure 135, the brass and saxophone sections are in unison and must observe the mezzo forte dynamic.

SoloMate recordings are available at [kendormusic.com](http://kendormusic.com) for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at [www.kendormusic.com](http://www.kendormusic.com).
