Reel On, Québec

Arranged by Renata Bratt, Grade 2.5

Program Notes:

Reel on, Québec! features two French Canadian Reels; La Belle Catherine (Beautiful Catherine) and La Grand Chainé (The Big Dog). This arrangement by Renata Bratt allows everyone an opportunity play the tune and a chance to master some cool syncopated rhythms! Written for the Wintergrass Festival Youth Orchestra in Washington State, Reel On Quebec is sure to get your toes tapping!

Performance Note:

In viola m. 36 and 40, and violin 2, m. 48, students can play the intended notes (top notes), or, for simplification and to avoid fast string crossings, they can perform the lower notes.

From the Composer:

I learned these two tunes while at the Valley of The Moon Scottish Fiddle Camp in the Redwoods of California. The amazing Canadian fiddler, Andre Brunet, taught the very famous Québécois Reel, La Belle Catherine (Beautiful Catherine) one year and La Grand Chainé (The Big Dog) was already a standard of the camp repertoire. I am part of the educational staff at the Wintergrass Music Festival in Washington State and was delighted to arrange these traditional French Canadian Reels as the closer for the Wintergrass Youth Orchestra Concert in 2024, which had the festival theme, "Whispers from the North."

Learning to read syncopated rhythms can be challenging at first but then can become second nature when you see the same rhythms used many times. Many of these rhythmic syncopations are two-measure riffs or patterns. Once you learn to play the pattern, you can play it no matter what the notes are. I learned to read syncopated patterns when I took jazz band in San Diego from the late great jazz trombone player and director, Jimmy Cheatham. Mr. Cheatham taught everyone in the band how to recognize distinct rhythms and then reproduce that rhythm, whenever they saw it. He always commented – "There are only so many rhythms you can find in a measure. Memorize what they look like, what they sound like, and then you can play them!"
