Program Notes

My father, Jack Prescott, was born in 1922 and at the age of 17 he became the youngest pilot in Ft. Lauderdale, Florida. As he later told me, he was something of a daredevil back then - flying under drawbridges, and doing snap rolls down the deserted beach at 50 feet. During World War II, he was a member of the Army Air Corps and flew C-47 transport planes from India to China over the Himalaya Mountains. He flew 83 missions over "the hump" and was later awarded the Distinguished Flying Cross by President Harry Truman.

In the composition, *By Virtue of the Skies*, this heroism in the face of severe adversity is depicted by the dignified thematic material of the opening, which is tested by the somewhat dissonant fanfare figures at 65 and 108. The ultimate triumph of the hero becomes apparent at the end of the work.

This work also honors the career of my friend and teacher, James Barnes, who has always been something of a barnstormer in his own fashion.

About the Composer

John Prescott is a Professor of Music at Missouri State University, where he teaches theory, composition, and commercial music. His compositions include works for band, orchestra, chorus, solo, and chamber ensembles, as well as multi-media pieces, and have been performed nationally and internationally. Dr. Prescott holds degrees in music theory and composition from Florida State University and from the University of Kansas, where he studied composition with John Pozdro and James Barnes.
