Program Notes

This imaginative musical work for elementary band pays tribute to the ferocious dinosaur of movie fame, the velociraptor. An ominous opening creates a suspenseful atmosphere in which the presence of this prehistoric hunter is sensed, steadily moving closer and closer to its prey. The creative writing will have young imaginations soaring, conjuring visions of this master hunter quietly stalking its victim, leading to the climactic and thrilling finish.

About the Composer

Jay Taylor is a multi-instrumentalist who has performed with "Brooks and Dunn", and JoJo Herman of "Widespread Panic". In addition to his work with Wingert-Jones, some of his original electronic music appears on iTunes. Although a native of Connecticut, Taylor traveled south to earn his Bachelor's Degree in Music Education from Belmont University in Nashville Tennessee. He is the Band Director at Harding Academy.
