## Program Notes

Spring Creek is a tributary of the Flint River in southwest Georgia, flowing serenely through the southern countryside toward Florida and the Gulf Coast. Inspired by the natural beauty and peacefulness of this idyllic setting, the music opens quietly with flowing lines that guide the listener to a lively allegro section. As the waters grow, the music gains energy as the lively melodic lines build to the glorious conclusion.

Rob Grice's music is performed around the world and appears on many state, national and international required music lists. His most recent commissions include the Association of Music in International Schools, Iowa Bandmasters, Concordia International School, American International school of Muscat, 20th Anniversary North Dakota Jr. High All-State (Phi Beta Mu Alpha Gamma Chapter) and Cityside and Creekside Middles Schools Zeeland, Michigan.

## About the Composer

He has served as a conductor and clinician throughout the United States, as well as China, Canada, Singapore, and Oman. He is an active music educator, with experience teaching at the elementary, secondary and collegiate levels. He most recently taught at Dulwich College International, a British International School in Suzhou, China. His ability to write pedagogically effective music for educational music ensembles can be attributed to his vast experience as an educator. He receives many commissions for new concert works and creates new publications for concert band and string orchestra each year.
