

## INTERVENOR INSTRUCTIONS for PENNEAST DOCKET CP19-78 at FERC

**DEADLINE: MARCH 8, 2019**

### **If you were an intervenor on the previous PennEast docket CP15-558 at FERC**

Log On to your FERC Account at: <https://ferconline.ferc.gov/Login.aspx>

When You Click Log-On, you will be taken to the first page as shown in the following images. Just follow the images below to Intervene on the New Docket.

**If you are a new Intervenor: Thank You!!** Go to the above link at FERC and click on “eRegister” in the left sidebar in blue. Follow instructions for opening an account. We encourage intervenors to have an email account dedicated to the PennEast docket at FERC as you will be receiving a LOT of email. When you have registered an account, log in and follow through the images below for intervening.

### **Why Should You Intervene?**

Intervening gives you a special status at FERC. You could enter into a legal action on a FERC decision if you wanted (but you never have to). FERC is supposed to consider your comments to the docket if you are an intervenor. You have access to more information at FERC as an intervenor. And perhaps most importantly, the more intervenors on a docket, the more FERC, PennEast, and the many other federal and state agencies and industry representatives who are watching the docket know that the impacted communities are engaged and paying attention. We had an historic number of intervenors on the last docket. Let’s Do That Again!

**Remember, the FERC website is slow and often down  
Just Keep Trying**

Document-less Intervention Description

Your Name is a resident in Your Town/State, in a township impacted by the proposed project and the amended application. She has stakeholder rights as a taxpayer to the Township and State upon which this amended application would impact. She intervened in Docket CP15-558 and submitted numerous substantive comments. As such, no one else can represent her interests.

This is a sample of a simple intervenor statement. Even if you do not live in an impacted town, you still are a stakeholder, as much of the land targeted by PennEast is taxpayer supported open space or preserved farmland. You have 6000 characters to make a statement
